

Why Become A RESELLER?

As a specialty wholesale printer, we have a variety of materials, print methods, and finishing capabilities to meet your customers' needs. We can die-cut, foil stamp, emboss, add variable data, and so much more. Become a Stouse reseller and let us help you grow your business.

Reseller Benefits:

- Personalized service from our customer success team
- Access to customizable sales tools including catalogs, sales sheets, and social shareables
- Seller education tools such as white papers, case studies, and access to our company blog

Our Promise

Stouse has been perfecting our craft – creating partnerships with our resellers that are built on trust.

Trust that was earned by:

- A customer service team that cares about our resellers' reputation. We ensure their projects are successful by asking the right questions with no details missed.
- Delivering high-quality products on time, so our resellers know that their customers will be happy.
- Treating our resellers not as transactions, but as business partners.

Not just printers. PARTNERS.

Stouse Sign Service was founded in the early 1950s and specialized in sign painting and billboards. The business was purchased in 1977 and the product line was expanded to include bumper stickers and other screen-printed products. In 1979, we produced our first catalog, a much smaller version of today's Full Line Catalog.

Stouse is one of the largest, trade-only wholesale printers in the nation. We offer a complete line of quality screen printed, flexographic, and various forms of digitally printed items like decals, labels, magnets, signs, and plastics.

With over 400 employees and over 100 pieces of equipment, we have the scale and flexibility to handle both large and small jobs. We are not just another printer. We're your partner.

At Stouse, we look out for both the job and the person behind it. We'll help you avoid potential pitfalls and obstacles through experience, planning, and collaborative candor.

We'll take care of your print order and you, ensuring you get what you want and what you need, knowing that sometimes those two things are different.
